

**EMPIRE LIVER FOUNDATION CLINICAL HEPATITIS TRAINING PROGRAM:
HEPATITIS B AND C CLINICAL PROVIDER PRECEPTORSHIP
SC 4305**

AGENDA

October 20, 2019

8AM-12PM

Location: Mount Sinai Hospital Lecture Hall

Douglas T. Dieterich, MD
Institute of Liver Medicine
Professor of Medicine Division of Liver Disease
Department of Medicine
Icahn School of Medicine at Mount Sinai

OBJECTIVES

By the end of the educational activity, participants will be able to:

1. Describe the importance of interprofessional collaboration in effectively meeting the healthcare, educational, and psychosocial needs of patients living with hepatitis B or C infection.
2. Apply guidelines to select appropriate clinical management plans and antiviral treatments for people living with hepatitis B or hepatitis C, including special populations such as people with advanced liver disease or HIV co-infection.
3. Explain the efficacy and safety of current and emerging therapies for hepatitis B and C, including use in special populations and patients with co-morbid conditions.
4. Illustrate how to counsel patients diagnosed with hepatitis B or C regarding risks and benefits of therapies and involve them in shared treatment decisions.
